

GOAL: Improve School Climate and Culture

STRATEGY: (1) Support students' health and wellness.

Major Activities	Staff	Resources	Timelines	Indicators of Success
Establish a School Health Council to investigate and create programs and activities designed to support students' health and wellness, i.e. Community Giving Garden, Health Fairs, nutrition & exercise programs, environmental activities, etc.	Administration, Members of School Health Council (SHC) Committee	Time, human resources, draft from Action Committee	Beginning September 2012 and ongoing	School Health Council committee members established with objectives delineated.
Review current list of school supplies to ensure only necessary things are listed for students to purchase	Teachers, Administration	Time	Beginning 2012-13 SY and ongoing	Compliance
Coordinate with agencies and community members who may items to donate to school/students/classrooms. Create a "Teacher Wish List" on district website.	Administration communicates with PTO, teachers, and Webmaster	Community members and organizations	Beginning 2012-13 SY	Donations received
Create a "Pledge of Responsibility" to remind students, parents, educators of the ultimate goal of attending BES and each person's responsibilities to be successful.	Committee created of administration, teachers, parents, and students	Draft available for Action Committee	By September 2013	Presentation at 2013/14 Back To School Night. Increased accountability for all stakeholders.
Explore possibility of hiring an hourly Truancy/Residency Officer to reduce truancy and late arrivals.	Administration	Funds within budget	By end of 2013/14 SY	Needs assessment completed. Truancy officer hired, as needed.
